

Temporarily Blind

C **G**
Disappointment strikes again

C **F**
I fell for you, I don't know when

F **C**
Why did I treat you so kind?

A **F** **C**
I must've been temporarily blind

I was most likely crazy and probably sick
These things happen really quick
I gave and I didn't look behind
I must've been temporarily blind

D
Bridge: You never gave me no indication

G
I never made no invitation

E
I'm just a jester in the court of complication

A **C/A** **C/A** **C/D** **E**
With a destructive inclination

C etc...

I put on the pressure, you put it right back
You pulled the switch, the train flew off the track
Now I'm goin' out of my mind
Because I was temporarily blind

Something has happened, I don't know why
Every time I see you I could die
Am I seein' somethin' I won't find?
Or am I just temporarily blind?
